TELCON
Wm. Bundy
Ball
7/6/65, 5 p.m.

Ball questioned whether Bundy had done anything more on the paper, with the thought the President might be inquiring the status. Bundy said he had done nothing further on the paper. The agency fellows are coming over tomorrow to talk over the last two points--usefulness of contacts, etc and the nature of the problem posed by Saigon's #44 of today. Suggested Ball tell this to McGeorge. The Secretary is sending to the President instructions to Adlai on the UN aspects.

McGeorge Bundy, 5:10 p.m.

Ball passed the above on to McG, saying we wanted to do more work on the paper. McG said he would pass this word on for the President.
